

Spend a year in the USA as part of an American family and have the experience of a lifetime! This cultural exchange program gives you the opportunity to gain independence, to be out in the world on your own, but to be within the care of a loving host family environment. You will have a large network of counselors and coordinators who are there to help and support you every step of the way if needed. If you enjoy children and are ready to explore the world, this is for you!
